This is a truly Authentic LUXURY LOG HOME straight from the Ski resorts of Colorado. Where do I begin with the description of this legendary home, custom built by it's original owners in 2009. 6000 sq ft main living area, 2000 sq ft finished basement, 1200 sq ft insulated 4 car garage with expansive workshop, and over 1000 sq ft of patio spaces / balconies. Everyone in the area knows and loves this home, and this is the first time ever on the Market. From its 30-ft high log-beamed ceiling with wall of windows in the Great Room and Loft, to its 4 cozy (and very functional) Fireplaces, to the SALOON, to the outdoor spaces, this home radiates a remarkable warmth unlike any other home in the state. Guaranteed. You may very well have to compete to be the lucky new owners of this spectacular home! Call today for your private Tour!
